WOMAN, SAYS GIBBONS

"I am entirely opposed to woman's suffrage—not that I hate women, but because I love them, and want them to fulfil the mission God has intended for them. We are to be a blessing to the world, and to be a blessing to the world we must be a blessing to the male sex alone. The world would go to the devil," Cardinal Gibbons.

BUMSTEAD, Me. June 18.—Cardinal Gibbons, addressing the girl graduates of St. Joseph's College here, said:

"I am entirely opposed to woman's suffrage—not that I hate women, but because I love them, and want them to fulfil the mission God has intended for them. We are to be a blessing to the world, and to be a blessing to the world we must be a blessing to the male sex alone. The world would go to the devil," Cardinal Gibbons.

"You play in the arena of politics. You will be covered with political dirt. You grasp after too much you get everything."

Every one of you has a personal and exclusive mission from God. Your mission is largely the domestic walk of life. If you neglect this, the world will neglect you. You must not expect to preach in the daily walks of life. In the church women must be a blessing to the male sex, but the fruit of an old maid by the name of Paul.

There are places where you need not be silent. You are to be a blessing to the world, and to be a blessing to the world we must be a blessing to the male sex alone. The world would go to the devil."

SAFE-BLOWERS GET \$500 CASH

WARTHAM, June 18.—Safe-blowers got \$500 in money, stamps and money orders after dynamiting the safe of the postoffice at this place and practically wrecking the building. It became necessary today to open a new postoffice.

The burglary was discovered by Postmaster R. E. Ellis today, when he went to open up the place. He found the window broken out, the interior of the room torn up and the safe in fragments. The building had been used by the workmen.

Postoffice Inspector Jessup of Boston was called to this place, and he is making an investigation. The investigation "shows" that the burglars had been employed in other similar burglaries in the Cape, in connection with having a large quantity of dynamite. No evidence was left that would indicate the names of the burglars.

The only person in the place was in the morning. The burglars came in at night, and it is believed he was in the place to go there through a run of the midnight travelers.

MERCHANTS PLAN HARBOR INSPECTION

The members of the Chamber of Commerce will make a careful inspection of Boston's shipping facilities, and the first objective point will be the harbor itself. A tour of the harbor, in a chartered steamer, will be made by the members of the organization on July 1.

The purpose of the trip is to show the members of the organization the harbor facilities for shipping expansion. It is being conducted jointly by the trade extension committee and the maritime committee. The trade extension committee is the one which successfully arranged the tour of New England last month.

The maritime committee today made a preliminary trip in a tug, in order to be familiar with the points of interest. A pocket map of the harbor, showing the shipping facilities, and the points where dredging is needed, will be printed for the use of the members.

RED SOX NOW IN THIRD PLACE IN FLAG RACE

RED SOX IN THIRD PLACE FOR ONE DAY

Base Ball IFS For To-day

Pull back for rule in New York this afternoon. It's the only thing that can keep the Red Sox in third position. There are the possibilities in today's session. In so far as they affect the position of the Boston team, the Red Sox have won 25 and lost 24, giving them a percentage of .500.

If New York wins, it will pass the Red Sox with two points to the good.

If Cleveland wins, the Naps will be in third place, one point ahead of the Red Sox.

If New York loses, it will be in fifth place, with a percentage of .500.

If Cleveland loses, it will be in fifth place, with a percentage of .500.

If it rains—well, let us hope.

Well, how does it feel to be back again in third place? Make the most of it, for it is a one-day honor for the Red Sox this time.

When today's contest in New York is over either New York or Cleveland will be the sharpest position in the American League race, with Boston second out of two or two points.

Henry old John Dwyer, the friend of Boston writers since the days when you know that he carried out the Red Sox campaign in his power to take the good name of the city and the Red Sox.

The Boston representatives in the Red Sox have a day off and today's contest in New York will be a little different from the one in New York.
